

The weather last Saturday for the car wash in Wolcott at Musco Fuel and the water donated by Pool Water Pat, was a blessing sent by God. We had a memorable day of fun, soap, sponges, water, and car washing. Since Billy went missing we have had special angels offer their help, kind people our family never knew. One of those angels is Jamie Lynn Cekauskas of Wolcott, CT. Jamie is a busy mother of four children, as mom herself, she realizes how important each and every child is, she contacted me one day and said "I have to do something to help find Billy". I learned in the conversation, that at their family dinner table a prayer is offered up to God thanking Him for the food and all of their family members. At the end of the prayer is a special request asking God to please find Billy and bring him home. This touched me listening to her 5 and 6 year old say over the phone what they pray for everyday "please bring "Boory" home". (Two little ones saying Billy) How kind and caring, a wonderful way to raise children, we were touched and accepted the offer of helping raise the reward fund. Jamie's husband Wayne Cekauskas spent the entire day working hard washing cars for six hours, with no break. Their daughter Chelsea' Chelsea's boyfriend, her friends Shana Flaherty and Rachel Gervais, who all attend Wolcott High School, stood in the street all day trying to attract cars into the lot. A thank you to the Marino Family for helping throughout the day. Also helping with washing the cars was Bruce, Grace, Mark and Linda Smolinski. Linda asked people to sign the petition all day. NOT ONE person refused to sign. It was given thumbs up by all. Mary Ellen Noble (Billy's true love) and Paula Bell (Billy's sister) helped us wash cars all day also. It was a day etched in our minds forever. Thank you all for your kindness and helping us. Musco Fuel and Pool Water Pat your generosity is much appreciated. Billy we will NEVER give up, we will get our answers one day, bring you home where you belong, with your family.

Bill & Jan Smolinski
