REWARD POSTERS SEEK INFORMATION ON MISSING RELATIVE

My family's lives have been changed forever. My nephew, William "Billy" Smolinski Jr. of Waterbury, has been missing since Aug. 24, 2004. Since then, we have been posting on utility poles Billy's \$15,000 reward posters for his return or recovery. We have the posters all over Connecticut, out of state and on the Internet. As time passes, posters begin to fade or get weathered, and we try our best to replace them with new, updated posters.

This is directed to all those who are also putting up signs, whether for a tag sale, party or other event. Please don't cover up a missing-person poster. All it takes is one person to come forward even with the smallest clue, and it could lead us to some closure as to what happened to Billy. Remember, someone, somewhere, knows something.

Anyone who is interested in following Billy's case may go to justice4billy.com. Reward posters and missing labels are available there. We ask the public to help us find our missing relative.

Bruce Smolinski
